Intake Form for New Member Organizations

Below is a short questionnaire designed to give the MCJ a better understanding of how it can best serve the needs of its participating organizations. **Feel free to include additional input!**

1. Do you want to be a participating group, or just sign on as an endorser?
Participating groups help shape the MCJ's focus and direction; they are expected to attend 2/3 of all MCJ meetings (in-person and conference calls), be an active member of at least one working group, and help out with fundraising in some way.

2. How does your organization fit with the mission and principles of the MCJ? How do you adhere to the Principles of Environmental Justice, the Durban Declaration on Climate Justice, and the Jemez Principles for Democratic Organizing (see website)?

Please attach completed form to a message to: joinus@actforclimatejustice.org Thanks!

3. Please describe the nature of your group; what does your organization do (in short, what are your mission, goals and strategy)? Are you a base-building organization? If so, what constituencies do you represent? Does your group offer some type of expertise (ie, education, media)? Are you an organization, network or coalition?

4. What are your expectations of the MCJ?

5. What can your organization contribute to the MCJ?

6. What do you think should be the MCJ's focus, direction and priorities?

Please attach completed form to a message to: joinus@actforclimatejustice.org Thanks!

7. Which MCJ working group(s) would you like to be part of? Current working groups include outreach, education, finance, immigration, gender, and N30 day of action. Members of the MCJ are also free to start new working groups!

8. Please give contact information for two members of your group, including name, phone number(s), email, and mailing address.

9. Any other comments or input?

Please attach completed form to a message to: joinus@actforclimatejustice.org Thanks!
